

Style, refinement, meticulous design and amazing performance – Blue Lighting proudly introduces Octane, our wakeboard tower light. Machined from billet 6061-T6 Aluminum and manufactured and hand finished in the USA. The appeal of this light starts long before it is even turned on, but when it's on, it's on! – with 1,000 darkness-piercing lumens† to get you to the party, or back, safely. For exceptional output, rock-solid reliability, and distinctive styling nothing comes close.
